SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF

CANCELLATION NOTICE

This tariff cancels in whole or in part, as the case may be, all tariffs (including discount tariffs and supplements thereto) presently on file with the North Carolina Utilities Commission which provide rates and charges on the intrastate movement of household goods.

PARTICIPATING CARRIERS

This tariff applies for account of all carriers holding authority under certificates of exemption issued by the North Carolina Utilities Commission to transport household goods as described in Rule 4 (Commodity Description).

RULE 1

APPLICATION OF TARIFF

This tariff is applicable only on intrastate traffic, i.e. traffic having origin and destination within the State of North Carolina, as authorized under certificates of exemption issued by the North Carolina Utilities Commission.

RULE 2

DISCOUNTS FROM MAXIMUM RATES OR CHARGES

The rates and charges provided herein are maximum rates. Carriers may not exceed the maximum rate or charge applicable for any individual component set forth herein.

RULE 3

SCOPE AND APPLICATION OF TARIFF

Subject to the rules and regulations contained in Section I, the rates and charges shown in Sections II, III, and IV are the maximum rates and charges to be assessed by all carriers governed by this tariff, for all movements of household goods within North Carolina. **EXCEPTION:** Section IV, Item 18 (Full Value Protection) includes rates which are not subject to negotiated discounts.

All carriers issued a certificate of exemption by the North Carolina Utilities Commission authorizing the intrastate transportation of household goods are required to use the forms in Section V of this tariff.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 4

COMMODITY DESCRIPTION

Household goods, as used in connection with transportation, means personal effects and property used or to be used in a dwelling, when a part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is arranged and paid for by the householder or another party.

RULE 5

REISSUED ITEMS OR PAGES

References made herein to items, rules, or pages in this tariff include reference to reissue of such items, rules, or pages.

RULE 6

CANCELLATION OF ORIGINAL AND REVISED PAGES

When this tariff is amended by revised pages, the cancellation of prior pages, except the title page, will be effected by means of this rule. A revised page will not show a cancellation notice except when a cancellation notice is necessary because of suspension, rejection, or other reason. Revisions of each page will be filed in numerical sequence. Except where a specific cancellation is shown on a new revised page, a revised page cancels any and all uncanceled revised or original pages or uncanceled portions thereof, which bear the same page number. **EXCEPTIONS:** When a specific cancellation on a prior revised page excepts a previously filed page wholly or in part, this rule does not have the effect of cancelling such excepted previously filed page or portion thereof.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 7**VALUATION**

- (A) As used in this tariff, the phrases, "released value", "declared value", "value declared by shipper", and "lump sum value" shall have the same meaning.
- (B) On any shipment where the transportation charge is based on weight and distance and/or hourly rated movements pursuant to the provisions of this tariff, the carrier's maximum liability shall be either (1) **\$4.00** times the actual weight (in pounds) of the shipment (constructive weight on hourly shipments-see Rule 29(B) (Basis of Weight)), or the declared lump sum value, whichever is greater; or (2) \$.60 per pound for the actual weight of any lost or damaged article or articles, if the shipment has been expressly released by the shipper to such value per article. Unless the shipper expressly releases the shipment to a value *equal to \$4.00 for each pound of weight in the shipment or lump sum value declared by the shipper*, the carrier's maximum liability for loss and damage *will not exceed \$.60 per pound per article*.
- (C) The released value must be shown on the bill of lading in the following form and must be initialed only by the person signing the bill of lading:

VALUATION: Shipper must initial the option selected.

_____ Basic Value Protection. I release this shipment to a value of \$.60 per pound per article.

_____ Full Value Protection. I release this shipment to a value of \$4.00 times actual weight in pounds of shipment or declared lump sum value of \$_____. (Declared value must be at least \$4.00 per pound times weight of shipment.)

See attached "Addendum to Uniform Household Goods Bill of Lading."

- (D) If the shipper fails to make the entry required in subsection (C) of this rule, the shipment will be deemed released to **\$.60 per pound per article (Basic Value Protection)**.

NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 7 (cont.)

- (E) The released value and the carrier's maximum liability (whether or not loss or damage occurred from carrier negligence), as determined under this rule, shall apply to any claims resulting from the performance or failure to perform by carrier of any services, including accessorial services, which carrier has contracted to perform.
- (F) Full Value Protection - See Section IV, Item 18.

RULE 8

**LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE
MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD**

(A) Ready to Assemble Furniture is defined as meaning furniture manufactured from press board, particle board, engineered wood or similar materials which is shipped from the manufacturer in a knocked down (KD) or knocked down flat (KDF) condition to be assembled by the retail store, reseller, or end-user. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. It is not constructed to withstand the normal stress of a move as an assembled unit. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unrepairable damage.

(B) When a shipper elects to ship an article as defined above, and notwithstanding the language contained in the Notice below, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.

(C) Prior to the movement of a shipment of household goods, the carrier shall give the shipper a notice containing the language outlined below and receive back the original signed copy.

(Continued on next page)

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 8 (cont.)**NOTICE**

**LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE
MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD**

Furniture manufactured from press board, particle board, and/or engineered wood is designed to go into a box from the manufacturer, to the retailer, and then to the customer unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unrepairable damage. *When a shipper elects to ship an article as defined herein, and not withstanding the language contained in this Notice, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.*

Option 1 I/we choose to disassemble and reassemble all press board, particle board, and or/engineered wood furniture prior to move. I/we assume all responsibility for damage to the press board, particle board, and/or engineered wood furniture which may occur during the disassembly of the furniture.

Option 2 I/we have engaged the services of another individual or company to disassemble all press board, particle board, and/or engineered wood furniture prior to move. I/we assume all responsibility for damage which may occur to the press board, particle board, and/or engineered wood furniture during the disassembly of the unit(s).

Option 3 I/we am/are tendering furniture constructed of press board, particle board, and/or engineered wood fully assembled as a part of our move. I/we understand that any claim for damage to the press board, particle board, and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled press board, particle board, and/or engineered wood furniture is inherently susceptible to damage as outlined above.

Shipper, owner, or consignee must select Option 1, 2, or 3.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 9

ARTICLES OF EXTRAORDINARY VALUE

(A) The carrier will not assume any liability whatsoever for: documents, currency, money, jewelry, watches, precious stones, or articles of extraordinary value including accounts, bills, deeds, evidences of debt, securities, notes, postage stamps, stamp collections, revenue stamps, letters or packets of letters, articles of peculiarly inherent value, precious metals or articles manufactured therefrom, which are not specifically listed on the bill of lading *or the inventory sheet*.

(B) All items included in a shipment that are considered to be of extraordinary (unusual) value must be specifically identified, and the carrier must be advised that they are included in the shipment. Items of extraordinary value are defined as those having a value of greater than \$100 per pound. Typically, household goods items that frequently have a value in excess of \$100 per pound per article are: currency, coins, jewelry, precious metals, precious or semi-precious stones or gems, gold, silver or platinum articles including silverware and service sets, china sets, crystal or figurines, fur or fur garments, antiques, oriental rugs or tapestries, rare collectible items or objects of art, computer software programs, manuscripts, or other rare documents. Of course, other items may also fall into this category and must be identified as well.

(C) Owner (shipper) agrees that any claim for loss or damage must be supported by proof of value and understands settlement will be based upon the information furnished in writing and signed by the shipper, and the declaration of value contained on the accompanying bill of lading, the bill of lading terms and conditions, the tariff in effect at the time of the shipment, the household goods descriptive inventory, and all pertinent information available to the carrier. If articles having a value in excess of \$100 per pound per article are not listed on the inventory, the shipper's signature attests to the fact that such articles are not included in the shipment. If through advertence or any other cause, items having a value in excess of \$100 per pound per article are included in a shipment and are not in writing and signed by the shipper, the shipper agrees that the carrier's liability for loss or damage to those items will be limited to no more than \$100 per pound per article (based upon the actual article weight).

RULE 10

INSURANCE

The cost of insurance against marine risk or any other insurance for the benefit of the shipper will not be assumed by the carrier.

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 11

PAYMENTS

(A) The carrier will not deliver or relinquish possession of any property transported by it until all tariff rates and charges thereon have been paid in cash, money order, certified check, or traveler's check, except where other satisfactory arrangements have been made between the carrier and the consignor or consignee, in accordance with the rules and regulations of the North Carolina Utilities Commission.

(B) Nothing herein shall limit the right of the carrier to require, at time of or before shipment, the prepayment in part or in full or guarantee of the charges.

(C) Subject to the foregoing paragraphs, provisions for payment of charges on storage-in-transit shipments are contained in Rule 48 (Storage-In-Transit).

(D) A finance charge of 1% per month will apply to payments made after thirty (30) days from date of invoice.

RULE 12

REGULAR HOURS OF SERVICE

Regular hours for service shall be between 8:00 a.m. and 5:00 p.m. on each day of the week except Saturdays, Sundays, and legal holidays (national, state, or municipal). Delivery will be tendered during regular hours of service unless agreed to otherwise by carrier and shipper.

NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 13

NONBINDING ESTIMATES SUBJECT TO 110% RULE

Motor carriers subject to the rules and regulations of this tariff must, upon shipper's request, provide a nonbinding estimate of charges for services to be rendered. All such estimates shall be in writing and have clearly indicated on the face of them that the estimate is nonbinding on the part of the carrier, and that the charges shown are the approximate charges which will be assessed for the services identified in the estimate. The estimate must clearly describe the shipment and all services to be provided and be prepared in such format as provided in Section V. At the time of delivery of a collect-on-delivery shipment, the shipper may request delivery of the shipment upon payment, in the form acceptable to the carrier, of an amount not to exceed 110% of the estimated charges. This provision would not apply when such shipment is being delivered to a warehouse for storage at the request of the shipper. The carrier must, upon request of the shipper, relinquish possession of the shipment upon payment of not more than 110% of the estimated charges and shall defer demand for the payment of the balance of any remaining charges for a period of thirty (30) days following the date of delivery.

EXCEPTION: Nonbinding estimates are not required if the shipper requests such estimate less than five (5) business days prior to the move or if the total weight of the shipment is less than 500 pounds.

RULE 14

BINDING GUARANTEED ESTIMATES

Motor carriers subject to the rules and regulations of this tariff must, upon shipper request, provide a binding guaranteed estimate of services to be rendered. All such estimates shall be in writing and have clearly indicated on the face thereof that the estimate is binding on both the carrier and the shipper. The estimate will be provided in such format as specified in Section V. The estimate must clearly describe the shipment and all services to be performed. At time of shipment, any additional services performed by the carrier at the request of the shipper and not covered in the binding guaranteed estimate will be billed at the appropriate rate, and a *Change Order/Addendum to Estimated Cost of Services form* will be completed.

EXCEPTION: Binding guaranteed estimates are not required if the shipper requests such estimate less than five (5) business days prior to the move or if the total weight of the shipment is less than 500 pounds.

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 15

BINDING NOT-TO-EXCEED ESTIMATES

Motor carriers subject to the rules and regulations of this tariff must, upon shipper request, provide a binding not-to-exceed estimate of services to be rendered. All such estimates shall be in writing and have clearly indicated on the face thereof that the estimate is binding on both the carrier and the shipper. The estimate will be provided in such format as specified in Section V. The estimate must clearly describe the shipment and all services to be performed. At time of shipment any services performed by the carrier at the request of the shipper and not covered in the binding not-to-exceed estimate will be billed at the appropriate rate, and a *Change Order/Addendum to Estimated Cost of Services form* will be completed.

EXCEPTION: Binding not-to-exceed estimates are not required if the shipper requests such estimate less than five (5) business days prior to the move or if the total weight of the shipment is less than 500 pounds.

RULE 16

MILEAGE AND APPLICATION

(A) Except as otherwise provided herein, where rates herein are based on mileage, the applicable distance or mileage shall be that shown on the current highway map as published by the North Carolina Department of Transportation and shall be computed in the following manner:

1. When the point of origin and point of destination are shown in "city-to-city mileage chart" on this map, such mileage will apply regardless of mileage that may be determined by adding the individual distances shown on the map.
2. When the point of origin and the point of destination are not shown in the "mileage chart" on this map, then the mileage shall be determined by adding the individual distances shown on the map, via the shortest practical route.

(B) If the shipper requests a longer route than the shortest practical route as shown on the above-mentioned highway map, the mileage over the longer route shall apply.

(C) If transportation rates are not shown herein for the actual distance provided on the above-mentioned highway map, the rate shown for the next greater distance shall apply.

(Continued on next page)

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 16 (cont.)

(D) Mileage may also be determined by the Official Household Goods Transportation Mileage Guide No. 19 or the corresponding Rand McNally MileMaker software. Users of the Mileage Guide or the MileMaker software shall be listed on Page 9 following the List of Carriers Issued a Certificate of Exemption at the beginning of this tariff.

(E) Carriers listed on Page 9 of this tariff must use those products for all weight/distance moves and may not alternate between those products and the NC Department of Transportation highway map.

RULE 17

HOURLY RATE TRANSPORTATION APPLICATION

In calculating transportation on shipments moving for a ratemaking distance of thirty-five (35) miles or less, the hourly rates as shown in Section II shall apply. In no event are the rates for transportation charges in Section III applied on hauls of thirty-five (35) miles or less.

RULE 18

DISPOSITION OF FRACTIONS AND PARTS OF HOURS

Dispose of fractions in computing a charge by omitting fractions of less than one-half of one cent and increase fractions of one-half of one cent and greater to the next whole cent. Fractions of an hour on charges based on hourly rates will be disposed of as follows: Where the time involved is 15 minutes or less, the charge shall be for one-quarter (1/4) hour. When in excess of the 15 minutes but not more than 30 minutes, the charge shall be for one-half (1/2) hour. When in excess of 30 minutes but not more than 45 minutes, the charge shall be for three-quarters (3/4) hour. When in excess of 45 minutes and not over one hour, the charge shall be for one (1) hour.

**NORTH CAROLINA UTILITIES COMMISSION
NCUC HHG NO. 1**

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 19

COMPUTING CHARGES

(A) Except as otherwise provided herein, weight and distance rates in this tariff are stated in dollars and cents per 100 pounds, and total charges shall be computed by multiplying the weight of each shipment by the rate shown per 100 pounds, except as provided in paragraph (B) of this rule. When a shipment is transported a distance in excess of 800 miles, charges shall be computed as follows: (1) First find the rate for 800 miles in the applicable table of rates (Section III); (2) Next find the rate for the excess distance over 800 miles in the same table of rates; (3) Add the above two rates together to get the through rate per 100 pounds to apply on entire shipment.

(B) Transportation charges based on actual weight of the rate provided thereof shall not exceed charges based on the next higher minimum weight at the rate provided for such higher minimum weight. The weights shown under columns headed "Break Point" in Section III are the weights at which a lower charge develops by use of minimum weight and applicable rate shown in the next higher weight bracket.

(C) Hourly charges will be computed by applying the proper hourly rate contained in Section II to the actual number of hours required to accomplish the move.

RULE 20

MINIMUM WEIGHT CHARGE

Except as may be otherwise specifically provided for in this tariff, or as amended, a shipment weighing less than 500 pounds shall be accepted only at a weight of 500 pounds and applicable rates and charges based on weight shall be subject to 500 pound minimum.

RULE 27

BILL OF LADING

(A) Unless otherwise provided in this tariff, when property is transported subject to the provisions of this tariff, or as amended, the acceptance and use of the Uniform Household Goods Bill of Lading as described herein is required.

If the bill of lading is issued on the order of the shipper, or his agent, in exchange or substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election for common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered as part of the original bill of lading as fully as if the same were written or made in connection with the original bill of lading.

Any alteration, addition, or erasure on a bill of lading which shall be made without the special notation thereon of the agent of the carrier issuing the bill of lading shall be without effect, and the bill of lading shall be enforceable according to its original tender.

(B) The rates and charges shown herein are reduced rates conditioned upon the use of the Uniform Household Goods Bill of Lading. Consignor, at his option, may elect not to accept the terms of the Uniform Household Goods Bill of Lading, and in lieu thereof to have the carrier transport the property with carrier's liability limited only as provided by common law and by the laws of the United States and the State of North Carolina insofar as they apply but subject to the terms and conditions of the Uniform Household Goods Bill of Lading insofar as such terms and conditions are not inconsistent with such common carrier's liability. The rate charged therefore will be 100 percent higher than the transportation rate contained in this tariff as would apply for such shipment if offered for transportation at a released value not exceeding \$.60 per pound per article.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 27 (cont.)

When a consignor elects not to accept any of the terms of such bill of lading he must give notice to the initial carrier of such election. The initial carrier must indicate the receipt of such notice by writing or stamping thereon a clause signed by the carrier reading: "In consideration of the higher rate charged, the property herein described will be carried and the services to be rendered hereunder will be performed, with the carrier's liability limited only as provided by law; but subject to the terms and conditions of this bill of lading insofar as they are not inconsistent with such common carrier's liability."

(C) All rates and charges herein are dependent upon the shipment being released in accordance with the provisions of Rule 7 (Valuation) of this tariff.

(D) Unless the shipper expressly releases the shipment to a value not exceeding \$.60 per pound per article, the carrier's maximum liability for loss and damage shall be (1) the lump sum value declared by the shipper or (2) an amount equal to \$4.00 times the actual weight in pounds for full value protection, whichever is greater. For these increased levels of liability, additional valuation charges as provided in Section IV, Item 18 (Full Value Protection) will apply. If the shipper wishes to avoid these additional charges, he must agree that if any articles are lost or damaged, the carrier's liability will not exceed \$.60 per pound for the actual weight of any lost or damaged article or articles in the shipment.

RULE 28

(7) A Commission telephone number(s) for shippers to call with questions about rules and regulations pertaining to the bill of lading or their move.

(C) The contract terms and conditions of the bill of lading, attached thereto, are a part of this tariff and all information shown herein must be in bills of lading issued under provisions of this tariff.

(D) Pages 70 through 73 of this tariff contain the sample bill of lading, and the actual contract terms and conditions that must appear on the bill of lading.

RULE 29

BASIS OF WEIGHT

(A) The tare weight of each vehicle used in the transportation of household goods shall be determined by having it weighed prior to the transportation of each shipment, without the crew thereon, by a certified weighmaster and on a certified scale. When so weighed, the gasoline tank on each such vehicle shall be full, and the vehicle shall contain all blankets, pads, chains, dollies, hand trucks, and other equipment needed in the transportation of such shipment.

(B) After the vehicle has been loaded, it shall be weighed, without the crew thereon, prior to delivery of the shipment; and the net weight shall be determined by deducting the tare weight from the loaded weight, except that in instances where no adequate scale is available, the constructive weight, based on seven pounds per cubic foot of properly loaded van space, may be used. The gross weight, tare weight, and net weight, or the constructive weight, shall be shown on the bill of lading.

(C) In the transportation of part loads, this rule shall apply in all respects, except the gross weight of the vehicle containing one or more part loads may be used as the tare weight of such vehicle as to part loads subsequently loaded thereon, and a part load for any one shipper, not exceeding 1,000 pounds, may be weighed on a certified scale prior to being loaded on a vehicle, such part load to be accompanied by a weight ticket evidencing such weighing.

RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 29 (cont.)

(D) All tare, gross, actual, or constructive weights shall be properly certified to by the person or persons who ascertained such weights.

(E) The carrier, upon request of shipper, owner, or consignee made prior to delivery of a shipment and when practicable to do so, will reweigh the shipment. The lower of the two net scale weights shall be used for determining the applicable charges. There will be a charge to the shipper if the reweigh results in a net scale weight in excess of the initial net scale weight or if the difference between the initial net scale and the reweigh net scale weight is less than 100 pounds on a shipment weighing 5,000 pounds or two percent or less of the lower net scale weight on shipments in excess of 5,000 pounds.

NOTE: For reweighing charges see Section IV, Item 15 (Reweighing Charge).

RULE 30

COMPLETE ARTICLE

Each shipping piece or package and contents thereof shall constitute one article, except the total component parts of any article taken apart or knocked down for handling or loading in vehicle shall constitute one article for the purpose of determining carrier's liability as provided in Rule 7 (Valuation).

NOTE: When an entire shipment is transported in containers, lift vans, or shipping boxes, each shipping package, piece, or loose item not enclosed within a package in such containers, lift vans, or shipping boxes will constitute the article.

The following examples identify carrier's maximum liability if moving at \$.60 per pound per article.

1. Bed assembly, weight 100 pounds – headboard lost or damaged, weight 50 pounds. Carrier's maximum liability for loss or damage to the headboard would be \$.60 times 100 pounds (weight of total bed assembly) or \$60.00
2. Barrel of dishes, weight 50 pounds – several dishes broken weighing 2 pounds. Carrier's maximum liability for broken dishes within the barrel would be \$.60 times 50 pounds or \$30.00.
3. Carton or package, weight 60 pounds – fishing reel missing, weight 1 pound. Carrier's maximum liability would be \$.60 times 60 pounds or \$36.00.

Packing to Be Accomplished by Shipper or Carrier

(B) Articles requiring packing, crating, wrapping, or servicing as provided for in this rule, may be prepared for shipment by the shipper or his agent, or the carrier will perform this service at the request of and for the account of the shipper, as provided in Section IV, Item 1 (*Packing and Unpacking*) and Item 2 (*Overtime Packing and Unpacking*). When performing their own packing (PBO), the shipper and/or his appointed agent, shall cause PBO cartons to be properly identified and marked with the general contents. Carrier shall have the right to open and inspect any PBO carton to verify contents. Carrier will not be liable for damages occurring on PBO cartons, unless specific exterior damages are noted and inspection takes place with the carrier's representative at the time of delivery.

Protection By Carrier

(C) Unless otherwise provided, articles having surfaces liable to damage by scratching, marring, or chafing, but of sufficient strength to allow other articles to be packed against or on top of same in a manner which will make transportation of the entire shipment reasonably safe and practicable if protected by sufficient wrapping, will be wrapped at time of loading in furniture pads, covers, burlaps, or wrappers which are part of the carrier's regular equipment. The cost of this service is included in transportation rates named in tariff.

Any articles that are easily broken or having surface liable to damage by chafing must be protected within the authorized shipping containers by or with liners, partitions, wrappers, excelsior, straw, or other packing materials which will afford adequate protection against breakage or damage.

When the shipment or any part thereof is stored in a commercial warehouse, liability of the carrier ceases upon delivery to the warehouse; and when stored in the carrier's warehouse or that of the carrier's agent, liability after the delivery to the warehouse shall be that of the warehouseman and not a common carrier. All accrued charges shall be due and payable upon delivery of the shipment or any part thereof to the warehouse (and later delivery to a final destination shall constitute a new shipment). The transportation shall be based upon the total mileage computed from origin to final destination via initially billed destination.

RULE 48

STORAGE-IN-TRANSIT

(A) Storage-in-transit of shipments covered by this tariff is the holding of the shipment in the warehouse *owned by* the carrier or *in a public warehouse with which the carrier has a long-term lease agreement for storage*, pending further transportation, and will be affected only at the specific request of the shipper. *Carriers providing storage-in-transit are required to file proof of insurance for such storage with their Annual Report.*

(B) Subject to Rule 11 (Payments), payment for accumulated transportation and other lawful charges, at the option of the carrier, may be required from the consignor or consignee at time storage-in-transit shipment is delivered to the storage warehouse.

(C) Except as otherwise provided in paragraph (D), shipments moving under this rule may be stored only once and for a period not to exceed one hundred eighty (180) days from date of unloading into the warehouse. At the expiration of the 180-day period, the intrastate character of the shipment will cease, and the shipment will revert to permanent storage. The warehouse shall be considered the destination of the shipment; the warehouseman shall be agent for the shipper; and the property shall then be subject to the rules, regulations, and charges of the warehouseman. When a shipment remains in storage after expiration of the sixty (60) days, all accumulated carrier charges must be paid as follows:

1. Transportation charges for pickup or delivery as provided in paragraph (E).
2. Storage charges for sixty (60) days as provided by this tariff.
3. Additional services, advances, or other lawful charges, if any.

RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 48 (cont.)

(D) When, during any one of the 30-day periods within the storage-in-transit period provided herein, the shipper has given notice for final delivery of the shipment on a date fifteen (15) days prior to the expiration of such 30-day period, and the carrier, by no fault of the shipper, fails to provide transportation within such 30-day period, storage-in-transit or storage charges shall not apply beyond such 30-day period unless shipper cancels or rescinds order for final delivery. All other provisions under the tariff will continue in effect until further transportation is made available by the carrier. Until all lawful charges are paid, property will remain in carrier's or agent's warehouse subject to a lien for all such charges.

(E) The transportation charges to apply on shipments stored in transit under this rule and forwarded from warehouse will be (a) the applicable tariff rate from initial point of pickup to warehouse, and (b) the applicable tariff rate from warehouse location, which, for rate application purposes, will be considered a new point of origin, to destination point, viz:

1. When storage-in-transit is accorded at point of origin or destination, the pickup or delivery transportation rate for distances of thirty-five (35) miles or less will be as shown in Section IV, Item 14 (Pickup or Delivery Transportation Rates to Apply on Storage-In-Transit Shipments).
2. When storage-in-transit is accorded at any other point, the pickup or delivery transportation rate for distances beyond thirty-five (35) miles will be as shown in Section III and mileage determined as provided by effective mileage guide.

(F) Shipper or owner, upon proper notice in writing to the carrier before departure of the shipment, may change destination originally shown on the bill of lading. When the destination of the shipment is changed, such change must be recorded on the bill of lading. When the intrastate character of the shipment is terminated at the warehouse before the expiration of the time limit specified in paragraph (C), the transportation and other lawful charges shall apply in identical manner as provided in paragraph (C).

(G) When a storage-in-transit shipment has been placed in a carrier's or agent's warehouse, both the carrier and the warehouse must have in their possession records showing the following:

1. An itemized list of the shipment with the bill of lading number noted thereon.
2. Point of origin and destination.
3. Condition of each article when received at and forwarded from the warehouse.
4. The dates when all charges, advances, or payments were made or received.
5. Dates shipment was delivered into and forwarded from the warehouse.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 48 (cont.)

(H) During the storage-in-transit period, shipper may withdraw a portion of the property, provided that all accrued charges on the shipment are paid prior to such withdrawal, except as provided by Rule 11 (Payments). Such portion shall be weighed to determine the weight of the remaining storage-in-transit shipment. When the selection of the items to be withdrawn requires unstacking and/or restacking of the shipment, charges for such handling shall be assessed in accordance with Section IV, Item 4 (Labor Charges). Charges for transportation furnished, if any, for portion selected for delivery shall be assessed on the same basis as would apply to that portion as an individual shipment. With reference to the portion of the shipment which remains in the warehouse, the shipper may elect in writing to terminate the storage-in-transit service and place the remaining property in storage with the warehouseman in possession, in which event the warehouse shall be considered the destination of the shipment. If the shipper elects to have remaining portion remain in storage-in-transit, the following shall be applicable:

1. Storage charges, if any, for the balance of the storage-in-transit period, shall be assessed on the same basis as would apply to that remainder as an individual shipment.
2. Charges for transportation furnished, if any, for delivery of the remainder of the shipment shall be assessed on the same basis as would apply to that portion as an individual shipment.

NOTE: The transportation rates and charges applicable to shipments stored in transit are those in effect on the date of the original shipment.

RULE 49

PUBLIC WAREHOUSE DELIVERY

When goods are consigned or delivered to a warehouse, the location of the warehouse will be considered the destination and must be so noted on the bill of lading. The liability on the part of the carrier will cease when the shipment is unloaded at the warehouse. The shipment will be stored in the name of the owner, shipper, or consignee, subject to a lien for transportation and other lawful charges.

**SECTION I
RULES AND REGULATIONS GOVERNING THIS TARIFF**

RULE 50

OVERFLOW

When a shipment is so loaded that one or more vehicles are loaded to capacity and an overflow remains which does not require the full capacity of another vehicle, such overflow will be charged for the actual weight and at the applicable rate or rates of the combined weight of the total shipment.

RULE 51

LOST OR DESTROYED SHIPMENTS

No motor carrier transporting household goods, as defined in Commission Rule R2-37, in intrastate commerce shall collect or require a shipper to pay any published freight charges (including accessorial or terminal service) when a shipment is completely or totally lost or destroyed in transit. A carrier shall collect and the shipper would be required to pay any specific valuation charges that may be due. This rule shall not apply to the extent that any such loss or destruction is due to the act or omission of the shipper. Carrier shall maintain ownership of any and all items reimbursed to shipper in this situation.

RULE 52

CLAIMS

(A) Any claim for loss, damage, or overcharge shall be in writing and filed with carrier within nine (9) months after a reasonable time for delivery has lapsed. As a condition precedent to any claim adjustment or payment, said claim shall be accompanied by the original paid bill for transportation and original bill of lading, if not previously surrendered to the carrier. Carrier may require certified or sworn statement of claim.

(B) Carrier shall be immediately notified of all claims for concealed and/or external damage and shall be given reasonable opportunity to inspect alleged external damage or concealed damage in original package.

(C) The carrier's liability shall not exceed the cost of repairing or replacing the property lost or damaged with material of like kind and quality not exceeding the actual cash value of the property at time and place of loss, but in no event to exceed the released value as declared by the shipper as determined under Rule 7 (Valuation).

RULE 52 (cont.)

(D) The carrier shall not be liable for loss or damage occurring after the property has been delivered to and receipted for by the consignee or shipper, or the authorized agent of either. When the carrier is directed to unload or to deliver property (or render any services) at a place or places at which the consignee or its agent is not present, the property shall be at the risk of the owner after unloading or delivery.

(E) When the carrier is directed to load property from (or render any services at) a place or places at which the consignor or its agent is not present, the property shall be at the risk of the owner before loading.

(F) The carrier's liability with regard to sets or matched pieces shall be limited to repair or replacement of the lost or damaged piece or pieces only and shall not extend to repair, replacement, or recovering of the entire set, but in no event to exceed the released value as declared by the shipper as determined under Rule 7 (Valuation).

ADDENDUM TO UNIFORM HOUSEHOLD GOODS BILL OF LADING

SHIPPER DECLARATION OF VALUE

IMPORTANT: There are two (2) options available to cover loss and/or damages:

OPTION 1: Basic Value Protection. This lower level of value protection is provided at no additional cost. However, it only provides minimal protection that is considerably less than the average value of household goods. The carrier's maximum liability shall be \$.60 per pound for the actual weight on any lost or damaged article or articles, if the shipment has been expressly released by the shipper to such value per article. Under this option, a claim for any article that may be lost, destroyed or damaged while in the custody of your mover will be settled based on the weight of the individual article multiplied by 60 cents. For example, damages to an item weighing 400 pounds would result in a maximum claim settlement of \$240. Basic Value Protection provides minimal protection, and it is possible that settlement of any claim under this level of valuation will not be satisfactory to you. (MRT Section I, Rule 7, Valuation).

OPTION 2: Full Value Protection. The minimum value of the shipment will be \$4.00 times the weight of the shipment. However, you have the right to declare that your shipment has a greater value and pay for that increased protection. If items are lost, the mover will have the options of replacing them with articles of like kind and quality or paying the replacement costs as determined by current market value. If items are damaged, the mover will have the same options, plus the additional options of repairing the items or paying the repair cost. All damaged items that are either replaced or reimbursed at full-market value become the property of the mover. Under this option, for example, if the total weight of your shipment is 8,000 pounds, then the total value of your entire shipment is established to be \$32,000 and the charge for that level of protection would be \$240. If you determine that your shipment has a value greater than the \$50,000 minimum amount of insurance coverage that the Commission requires movers to have, you may want to request written verification of additional coverage from your mover to ensure your shipment will be adequately covered. (MRT Section IV, Item 18, Full Value Protection).

**** DECLARATION ****

Prior to the move, the shipper must select one of the options listed below. If the carrier fails to require the shipper to choose one of the liability options, the shipper will be considered to have chosen Option 1 (Basic Value Protection).

Shipper hereby releases the entire shipment to a value not exceeding:

_____ Option 1 – Basic Value Protection -\$.60 per pound per article.
Signature of Shipper and Date

_____ Option 2 - Full Value Protection - \$4.00 times the actual weight in
Signature of Shipper and Date pounds of shipment or a declared lump sum value of \$_____.

This document shall be completed and signed **PRIOR TO MOVE** and made a permanent part of the Bill of Lading.

CONTRACT TERMS AND CONDITIONS OF UNIFORM HOUSEHOLD GOODS BILL OF LADING

This contract is subject to all the rules, regulations, rates, and charges in Maximum Rate Tariff No. 1 on file with the North Carolina Utilities Commission including, but not limited to, the following terms and conditions:

SECTION 1. The carrier shall be liable for physical loss of or damage to any articles from external cause while being carried or held in storage-in-transit EXCEPT loss, damage, or delay caused by or resulting:

- (a) From an act, omission, or order of shipper;
- (b) From defect or inherent vice of the article, including susceptibility to damage because of atmospheric conditions such as temperature and humidity or changes therein;
- (c) From (1) hostile or warlike action in time of peace or war, including action in hindering combating or defending against an actual, impending, or expected attack: (A) by any government or sovereign power or by any authority maintaining or using military, naval, or air forces; or (B) by military, naval, or air forces; or (C) by an agent of any government, power, authority, or forces; (2) any weapon of war employing atomic fission or radioactive force whether in time of peace or war; (3) insurrection, rebellion, revolution, civil war, usurped power, or action taken by governmental authority in hindering, combating, or defending against such an occurrence, (4) seizure or destruction under quarantine or customs regulations, (5) confiscation by order of any government or public authority; or (6) risks of contraband or illegal transportation or trade;
- (d) From strikes, lockouts, labor disturbances, riots, civil commotions, or the acts of any person or persons taking part in any such occurrence or disorder; and
- (e) From Acts of God.

SUBJECT, in addition to the foregoing, the following limitations apply on the carrier's liability:

The carrier's maximum liability shall be one of the following:

- (1) The actual loss or damage not exceeding \$.60 per pound of the weight of any lost or damaged article when the shipper has released the shipment to carrier, in writing, with liability limited to \$.60 per pound per article; or
- (2) Replacement value of the lost or damaged item beyond repair provided that shipper elects such valuation coverage and agrees to pay applicable rates or the option of satisfactory repairs.

FURTHER, a shipper's failure to notify the carrier in writing that an article or articles having a value that exceeds \$100 per pound will be included in the shipment will restrict the carrier's maximum liability to \$100 per pound for each pound of any lost or damaged article (based on actual article weight), not to exceed the declared value of the entire shipment.

SECTION 2. The carrier shall not be liable for delay caused by highway obstruction, or faulty or impassable highways, or lack of capacity of any highway, bridge, or ferry, or caused by breakdown or mechanical defect of vehicles or equipment, or from any cause other than negligence of the carrier; nor shall the carrier be bound to transport by any particular schedule, means, vehicle, or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between the point of shipment and the point of destination.

SECTION 3. Shipper's or consignor's and/or consignee's liability shall include the following:

- (a) The shipper (individual or commercial) and consignor upon tender of the shipment to carrier, and the consignee, upon the acceptance of delivery of shipment from carrier, shall be liable, jointly and severally, for all unpaid charges payable on account of a shipment in accordance with the applicable tariffs including, but not limited to sums advanced or disbursed by a carrier on account of such shipment. The extension of credit to either shipper or consignee for such unpaid charges shall not thereby discharge the obligation of either party to pay such charges in the event the party to whom credit has been extended shall fail to pay such charges.

(b) Shipper and/or consignor acknowledge that no explosives and/or dangerous articles or goods shall be contained in shipment. However, shipper and/or consignee shall indemnify carrier against any loss or damage caused by the negligent or intentional inclusion of explosives or dangerous goods therein.

SECTION 4. If for any reason other than the fault of carrier, delivery cannot be made at address shown on the face hereof, or at any changed address of which carrier has been notified, carrier, at its option, may cause articles contained in shipment to be stored in a warehouse selected by it at the point of delivery or at other available points, and were held without liability on the part of the carrier, at the cost of the owner, and subject to a lien for all accrued tariff and other lawful charges.

SECTION 5. If shipment is refused by consignee at destination, or if shipper, consignee, or owner of property fails to receive or claim it within fifteen (15) days after written notice of United States mail addressed to shipper and consignee at post office addresses shown on face hereof, or if shipper fails or refuses to pay lawfully applicable charges in accordance with carrier's applicable tariff, carrier may sell the property at its option, either (a) upon notice in the manner authorized by law, or (b) at public auction to highest bidder for cash at a public sale to be held at a time and place named by carrier, thirty (30) days notice of which sale shall have been given in writing to shipper and consignee, and there shall have been published at least once a week for two consecutive weeks in a newspaper of general circulation at or near the place of sale, a notice thereof containing a description of the property as described in the bill of lading, and the names of the consignor and consignee. The proceeds of any sale shall be applied toward payment of lawful charges applicable to shipment and toward expenses of notice, advertising, and sale, and of storing caring for, and maintaining property prior to sale, and the balance, if any, shall be paid to owner of property; PROVIDED that any perishable articles contained in said shipment may be sold at public or private sale without such notices if, in the opinion of carrier, such action is necessary to prevent deterioration or further deterioration.

SECTION 6. As a condition precedent to recovery, a claim for any loss or damage, injury, or delay, must be filed in writing with carrier within nine (9) months after delivery to consignee as shown on face hereof, or in case of failure to make delivery, then within nine (9) months after a reasonable time for delivery has elapsed; and suit must be instituted against carrier within two (2) years and one (1) day from the date when notice in writing is given by carrier to the claimant that carrier has disallowed the claim or any part or parts thereof specified in the notice. Where a claim is not filed or suit is not instituted thereon in accordance with the foregoing provisions, carrier shall not be liable and such a claim will not be paid.
